**Evolution Markets to Host Renewable Energy Certificate Auction for the  
Massachusetts Clean Energy Center**

***-- Sale of More Than 6,000 Massachusetts Class I RECs Scheduled for November 07 --***

**White Plains, NY (October 25, 2013):** Evolution Markets Inc. announces today it will conduct an auction of Renewable Energy Certificates (RECs) on behalf of the Massachusetts Clean Energy Center (MassCEC). The auction is slated for November 7, 2013 and includes RECs from three separate projects. For this auction, MassCEC plans to offer 6,083 Vintage 2013 Massachusetts Class I Renewable Certificates generated in the first and second quarters of 2013.

“With Massachusetts Class I RECs trading near the Commonwealth’s alternative compliance payment of \$65.27, the MassCEC auction will again offer an important source of supply for the market,” said Peter Zaborowsky, Managing Director, Environmental Markets at Evolution Markets. “Class I REC prices continue to show strength, and we anticipate healthy demand during the November 07 auction.”

The auction will feature RECs generated by three different renewable energy projects: the Green Affordable Housing Initiative Photovoltaic Installation Aggregation project, the Fairhaven Wind LLC facility, and the Kingston Wind Independence LLC facility. Renewable energy certificates from each project have been approved by the Massachusetts Department of Energy Resources (DOER) as eligible sources under the Massachusetts Renewable Portfolio Standard (MA RPS). These RECs will be sold in two lots, including one lot of 5,000 RECs and second lot of 1,083 RECs.

“This auction will allow MassCEC to leverage its initial support for renewable energy projects and to put rate-payer money back to work funding additional clean energy programs that cut greenhouse gas emissions while fueling job growth in the Massachusetts clean energy sector ” said MassCEC CEO Alicia Barton.

Through the Renewable Energy Trust Fund, MassCEC promotes clean energy technologies and provides funding to help develop renewable energy projects in the Commonwealth. For some projects, the agency enters into long-term agreements to purchase a portion of the renewable energy certificates, which are then sold to generate additional revenue for use in MassCEC programs.

The auction will use Evolution Markets’ proprietary online auction platform, EvoAuction<sup>SM</sup>. Participants in the auction may submit bids using an on-screen bidding platform administered by Evolution Markets, in addition to submitting bids via telephone. The secure platform allows market participants to register for the auction in advance, post and view real-time bids during the open bidding process, and submit a final sealed bid during the last phase of the auction.

## Page Two.

Interested market participants may register with Evolution Markets by emailing Peter Zaborowsky at: [pzabo@evomarkets.com](mailto:pzabo@evomarkets.com). Qualified bidders will be provided a login ID and password, and they will be able to post bids beginning at 10:30 am EST on the day of the auction. All bids will remain anonymous to the market. Qualified bidders will be able to view all bids posted until the end of the open bidding period at 11:30 am EST on the auction day. Bidders that submitted bids during the open phase will then have until 12:00 pm EST to submit their final sealed bid either online or by telephone. Final sealed bids will not be available for viewing. Participants wishing to submit bids via telephone will have their bids entered into the online system by Evolution Markets.

An auction notice and REC Sales Agreement are available from Evolution Markets for bidders to consider, as well as on MassCEC's website. Counter-proposals to the terms of the REC purchase and sale contract will be considered by November 01, 2013. However, no post-bid acceptance contract negotiations are permitted. Material questions about the auction, the generators, or other such information should be submitted in writing to MassCEC (details below) no later than October 30, 2013 at 12 p.m. EST, and will be responded to in written form no later than November 04, 2013 at 4:00 p.m. EST. All questions and responses shall also be posted on MassCEC's website. Please see official Auction Notice for more details.

Questions regarding MassCEC programs should be directed to:
