ZE Data EcoSystem to Feature Energy and Environmental Markets Data from Evolution Markets

Delivering Access to a Broad Group of Hard-To-Value Commodity Datasets

June 30, 2020 - Vancouver, Canada —ZE PowerGroup Inc. (ZE) is pleased to announce that it will be adding Evolution Markets Inc. (EM) data products to its award-winning ZEMA™ data management and integration platform. ZEMA users will be able to license high-quality data sets directly from Evolution Markets for frictionless delivery on the ZE Data EcoSystem.

Evolution Markets' provides hard-to-value energy and environmental data, including carbon allowances and offsets, federal and local jurisdictional emissions allowances and credits, renewable energy certificates (RECs), coal, and nuclear fuels.

ZE and Evolution are collaborating to roll out additional energy and environmental datasets for the third and fourth quarters of 2020, including several niche natural gas and power markets.

“Evolution Markets and ZE have a common view to data management, and the partnership offers market participants an efficient and clear view into the sometimes-opaque energy and environmental markets,” said Jacob Harmon, Managing Director of Data and Analytics at Evolution Markets Inc. *“We are excited to partner with ZE to deliver data directly through the ZEMA system, which will extend our reach to a whole new client community.”*

Aiman El-Ramly, Chief Business Officer, ZE PowerGroup, stated: *“Our ZEMA™ Platform is designed to stay ahead of the evolving and expanding data management landscape. We look forward to having Evolution’s unique data available to our clients. We are always keen to find ways to bring additional value to market.”*
